NOTE.—The sea and other service affixed to the names of officers in the Register is computed to the 1st January, 1859. As a general rule, the “sea service” with which an officer is credited, is for duty performed under orders from the Department, as part of the complement of a vessel-of-war, belonging to the Navy, in commission for sea service. Officers on the Coast Survey are allowed sea service only for the time they are actually afloat. No credit is given for service in Revenue and Merchant vessels. In the column “unemployed,” is included the time between date of warrant and date of first order from the Department for service

 The attention of officers is particularly called to the Orders and Regulations published in the latter part of the Register.

AN ACT TO AMEND AN ACT ENTITLED "AN ACT TO PROMOTE THE EFFICIENCY OF THE NAVY."

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*, That, upon the written request, made within ninety days after the passage hereof, or within thirty days after the return of any officer absent from the United States at the time of the passage of this act, provided he shall return within one year after the passage of this act, by any officer of the navy who was dropped, furloughed, or retired by the operation of the act of the twenty-eighth of February, eighteen hundred and fifty-five, entitled "An act to promote the efficiency of the navy," the Secretary of the Navy shall cause the physical, mental, professional, and moral fitness of such officer for the naval service to be investigated by a court of inquiry, which shall be governed by the laws and regulations which now govern courts of inquiry; and the said court shall, in their finding, report whether the said officer, if he has been dropped from the rolls of the navy, ought to be restored, and, if restored, whether to the active or the reserved list, and if to the latter, whether on leave of absence or furlough pay; and in case the officer making the written request, as aforesaid, shall have been placed on the reserved list, then the court, in their finding, shall report whether the said officer ought to be restored to the active list, or, if not restored, whether he ought to remain on the retired list on leave of absence or furlough pay; and the finding of the court shall, in all cases, be submitted to the President of the United States, and, if approved by him, in the case of a dropped officer, when restoration has been recommended, such officer may be nominated by the President to the Senate for restoration to the service, according to the finding of the court, as approved by him; and in the case of a retired officer, the finding of the court, when approved by the President, shall be conclusive; and such officer shall be restored to the active list, to occupy that position and rank in the navy which he would have occupied had he not been retired under the action of the late naval board; or he shall remain upon the retired list on leave of absence or furlough pay, according to the finding of the court, as approved by the President: *Provided*, That the officers so restored or placed on the reserved list shall be appointed to their places, respectively, by the President, by and with the advice and consent of the Senate.

SEC. 2. *And be it further enacted*, That the operation of the present law limiting the number of officers of the navy shall be suspended so far as to authorize the restoration within one year from the passage of this act, by the President, by and with the advice and consent of the Senate, of officers reserved or dropped under the operation of the act of the twenty-eighth of February, eighteen hundred and fifty-five, entitled "An act to promote the efficiency of the navy:" *Provided*, That there shall be no further promotions or appointments in any grade, after said restoration shall have been made thereto, until such grade in the active service shall be reduced to the limit now prescribed by law. That when any such officer shall be restored to the navy, by and with the advice and consent of the Senate, the officer so restored shall occupy that position and rank in the navy which he would have held had he not been retired, furloughed, or dropped, by the order of the President, on the report of the naval board: *Provided further*, That any dropped officer who may be, in the opinion of said court, entitled to be placed on the retired or furloughed list, may be thus placed by the President, by and with the advice and consent of the Senate.

SEC. 3. *And be it further enacted*, That officers who were dropped, as aforesaid, and who shall not be restored to the naval service within one year from the passage hereof, shall be entitled to receive one year's duty pay of their grades, respectively; and the President shall be, and he is hereby, authorized, with the advice and consent of the Senate, to transfer any officer from the furlough to the reserved pay list, and that so much of the act of February twenty-eighth, eighteen hundred and fifty-five, entitled "An act to promote the efficiency of the navy," as renders reserved officers ineligible to promotion, be, and the same is hereby, repealed.

SEC. 4. *And be it further enacted*, That reserved officers may be promoted on the reserved list, by and with the advice and consent of the Senate, but no such promotion shall entitle them to any pay beyond that to which they were entitled when so reserved; nor shall they, by such promotion, take any higher rank than they would have taken had they been retained in the active service of the navy; and nothing in this act, or in the act to which this is an amendment, shall be so construed as to preclude officers on the reserved list from wearing the uniform of their grades, respectively.

SEC. 5. *And be it further enacted*, That captains in command of squadrons shall be denominated flag officers.

SEC. 6. *And be it further enacted*, That all officers who may be restored to active service, under the provisions of this act; shall be entitled to draw the same pay they were drawing at the time they were retired or dropped, for and during the time of such retirement or suspension from the active service aforesaid.

*Approved January 16, 1857.*

---

From the Naval Appropriation Bill, approved March 3, 1857.

*And be it further enacted*, That the acts making appropriations for the naval service of the fifth of August, eighteen hundred and fifty-four, and of the third of March, eighteen hundred and fifty-five, shall be so construed as to allow to the boatswains, gunners, sailmakers, and carpenters of the navy, when on shore duty, the same per-centage for sea service as is allowed to them when on sea duty.

---

From Naval Appropriation Bill, approved June 12, 1858.

SEC. 3. *And be it further enacted*, That it shall be lawful to enlist boys for service in the United States marine corps, with the consent of their parents or guardians, not being under eleven nor over seventeen years of age, to serve until they shall arrive at the age of twenty-one years; the boys so enlisted to receive the same pay, rations, clothing, and so forth, now received by boys enlisted in said corps, under the authority of the Secretary of the Navy.

SEC. 5. *And be it further enacted*, That all the steamships of the navy of the United States now building, or hereafter to be built, shall be named by the Secretary of the Navy, under the direction of the President of the United States, according to the following rule, namely: All those of forty guns or more shall be considered of the first class, and shall be called after the States of the Union; those of twenty guns, and under forty, shall be considered as of the

second class, and be called after the rivers and principal towns or cities; and all those of less than twenty guns shall be the third class, and named by the Secretary of the Navy, as the President may direct, care being taken that no two vessels in the navy shall bear the same name.

Commanding officers of vessels are especially charged with the execution of this order; and they will transmit copies of the abstract kept on board to the chief of the Bureau of Ordnance and Hydrography at the end of the cruise, and at such other times as he may direct.

“Assistant Surgeons, who are candidates for promotion, shall present to the board testimonials of correct deportment and habits of industry from the Surgeons with whom they have been associated on duty; also, a journal of practice or case-book in their own handwriting. ---

GENERAL ORDER.

NAVY DEPARTMENT, *December 22, 1854.*

The 2d section of the General Order of the Department, approved September 27, 1851, prescribing the manner of holding medical surveys, is hereby revoked, and the following is substituted in lieu thereof:

Whenever, in the opinion of the commander of a vessel of the navy, any person of her crew is unfit for service, he shall report the same to the senior officer in command, whose duty it shall be to order a survey to be held upon such person by three medical officers, who shall examine and report upon his condition; and if they find him “unfit for service,” shall state, as far as practicable, the general character of his disease or disability, its probable duration as far as can be predicted, and, in all cases, whether “originating in the line of duty.” The report of survey to be transmitted, in duplicate, to the Secretary of the Navy or to the Commander-in-chief of the Squadron, for decision, by whom a copy shall be forwarded to the Navy Department.

J. C. DOBBIN, *Secretary of the Navy.*

DECISION.

NAVY DEPARTMENT, *February 14, 1855.*

The exception in favor of “Executive Officers,” when on duty, made in the General Orders of the Navy Department of August 31, 1846, and May 27, 1847, which orders were legalized by act of August 5, 1854, is construed to apply to said officers while in the discharge of their military duties on board the vessel at the station to which they are attached, but not on any other occasion.

J. C. DOBBIN, *Secretary of the Navy.*

---

GENERAL ORDER.

NAVY DEPARTMENT, *April 4, 1855.*

In conformity with the 9th section of the “Act to provide a more efficient discipline for the navy,” approved March 2, 1855, the following regulations have been submitted to and approved by the President of the United States, and will be observed by summary courts-martial convened under the authority of the said act:

1. Summary courts-martial will adopt the same forms of proceeding and rules of evidence as naval general courts-martial, so far as they shall be applicable and not inconsistent with the conciseness and precision enjoined by the law, nor with the provisions of this General Order.

2. The form of convening a summary court-martial will be by a brief written order addressed by the commander of the vessel to the senior member of the court, stating the names and rank of the members of the court, and of the recorder, and the time and place of meeting; and by written or verbal orders to the other members of the court and the recorder. The written order to the senior member will be appended to the record of the proceedings.

3. The record will state that the oath prescribed by the law was duly administered to each member and to the recorder, in the presence of the accused.

4. If objection is made by the accused to any member of the court, it will be so stated in the record of proceedings, and made known, if the court think fit, to the commander of the vessel, who will, at his discretion, order another member of the court, or continue the member objected to.

5. The accused shall be furnished, before trial, with a written specification of the offence or offences for which he is to be tried. The specifications shall be as brief as practicable, without unnecessary repetition or circumlocution, or accumulation of epithets, but explicit; and all offences or misconduct committed at any one time by the same individual and intended to be charged against him, shall be comprised in the same specification, which shall be approved, before trial, by the officer ordering the court, and a duplicate of it to be annexed to the record.

6. The accused shall not be required to plead guilty or not guilty to the specification; but if a plea of guilty be made, the court may, at its discretion, admit testimony as to the character of the offender, or in extenuation of the offence. And, in any case, the court may find the accused guilty of the whole or any part of the misconduct charged, according to the evidence, and adjudge punishment for so much as shall be found proved.

7. Witnesses shall be summoned by the recorder through the executive officer of the vessel, and the summons shall be obeyed, unless disapproved by the commanding officer for some reason to be stated in the record.

8. The court, if requested by the accused, may allow a commissioned, warrant, or petty officer to appear as counsel, and cross-examine witnesses in his behalf; but no written defence or argument, nor any protracted oral defence or argument shall be admitted. Nor shall any testimony not clearly relevant be admitted, nor any documentary evidence be read to the court or appended to the record.

9. If more than one case be tried by the same court, the record of each case shall be separate, the order for convening the court shall be appended to the record of the first case, and be referred to in each subsequent record, so as to show that the proceedings of the court are continuous. And in each case the prescribed oath shall be administered anew to the members and the recorder of the court.

J. C. DOBBIN, *Secretary of the Navy.*

### GENERAL ORDER.

NAY DEPARTMENT, *April 7, 1855.*

Whenever any seaman, ordinary seaman, landsman, or boy, who shall have received the "honorable discharge" from the navy authorized by the "Act to provide a more efficient discipline for the navy," approved March 2, 1855, (form of which has been prescribed by the Department,) shall, within three months from the date thereof, present said "honorable discharge" at any naval rendezvous, if he shall answer the description of such discharge, and shall be physically qualified, he shall be re-enlisted for three years, and, upon his transfer to a receiving ship, shall be entitled to receive three months' pay equal to that to which he would have been entitled if he had been employed in actual service" in the rate specified in the "honorable discharge".

If the "honorable discharge" should have been lost, reference can be made to the files of the Department for corroboration that the person presenting himself did receive an "honorable discharge," and for a descriptive list of his person.

The recruiting officer will write on the face of the "honorable discharge," over his official signature, the date of re-enlistment. After the reception on board the receiving ship of the person re-enlisted, the commanding officer, also, will write on the face of the "honorable discharge," over his official signature, that the three months' pay has been credited or paid to him, with the date of such credit or payment, and the amount thereof.

To those re-enlisting under the "honorable discharge," the advance authorized by the General Order of the Department, dated August 11, 1854, will also be made.

Should the person holding an "honorable discharge" prove physically disqualified, it will be so written by the recruiting officer on the face of the discharge, and such discharge shall not entitle the holder to be received under it.

In the re-enlistment of men under honorable discharges, regard will be had to the provisions of the Circular of March 25, 1851, in relation to enlistments.

On the returns now required to be made to the Department of enlisted men from rendezvous and receiving ships, special reference will be made to those men who have been re-enlisted under an "honorable discharge," and from what vessel they received their discharge.

Commanding officers of vessels, upon returning from a cruise, when directed to discharge the whole or any part of the crew, will furnish to those who, in their judgment, are entitled to it under the law, an "honorable discharge," and separate returns will be made to the Department of the names and description of those to whom they have been given.

Blanks for the honorable discharges and returns will be furnished by the Department, and great care should be taken that they are both accurately and fully filled out.

A yeoman, however, is not to be discharged until his accounts have been audited and approved of by the commandant of the yard, as required by the Ordnance Instructions and other general regulations or orders. If found correct, the commandant of the yard will then grant the "honorable discharge," if entitled to it in the opinion of the commanding officer of the vessel to which he belonged.

When invalids are sent to the United States from a foreign station, the commanding officer of the vessel to which they belonged will transmit a list of their names to the Department, stating the general character of each, and designating such as, in his opinion, are entitled, under the law, to the "honorable discharge," in order that the commandant of the station at which they may arrive in the United States may be directed to grant the said discharge to those deserving it. A duplicate of this list is to be sent also to the commandant of the station where they are to arrive.

When any seaman, ordinary seaman, landsman, or boy, shall be discharged at his own request, or for his own convenience, before the expiration of his term of enlistment, he shall not be entitled to the "honorable discharge."

J. C. DOBBIN, *Secretary of the Navy.*

---

#### GENERAL ORDER.

Hereafter, in all cases of surveys, it will be the duty of the officer superior in rank on the Board, to prepare the report of such survey.

J. C. DOBBIN, *Secretary of the Navy.*

NAVY DEPARTMENT, *July 7, 1855.*

---

#### GENERAL ORDER.

In addition to the requirements of the General Order of the Navy Department of February 17, 1851, the medical officers of the navy, in all certificates of death or disability occurring in the naval service, are hereby directed to make a statement, in each case, of the facts connected therewith upon which they base their judgment that such death or disability originated "in the line of duty."

The Attorney General, in a circular of May 17, 1855, defines the term "line of duty" "to denote that an act of duty performed must have relation or causation, mediate or immediate, to the wound, the casualty, the injury, or the disease producing disability or death."

CHAS. W. WELSH,

*Acting Secretary of the Navy.*

NAVY DEPARTMENT, *July 17, 1855.*

---

#### GENERAL ORDER.

The attention of the Department having been recently drawn to the fact that orders issued by the Commanders of Squadrons to those under their command are frequently signed by

officers designating themselves as "Fleet Captain" or "Flag Lieutenant" purporting to be "by order of the Commander-in-chief of the Squadron," the Department directs that, hereafter, all orders in writing, of whatever nature, emanating from the Commander of a Squadron, shall be signed by such Commander himself only.

J. C. DOBBIN, *Secretary of the Navy.*

NAVY DEPARTMENT, *August 31, 1855.*

*Extract from a letter addressed to the Fourth Auditor of the Treasury by the Secretary of the Navy dated October 23, 1855.*

"I find, on examination, that the rules of this Department in relation to commencement of pay of officers promoted, have varied. The prevailing practice seems to be to allow pay from the time to which the commission relates in giving rank. This has long been, and is now, the rule of the War Department, to which there is a determination to adhere. I think there should also, if possible, be uniformity in the rules of the two branches of the service.

"I am of opinion, therefore, that it is better for the present to allow the pay back to the period of rank.

"This need not interfere with the General Order of June 9, 1853, applicable to special cases."

#### GENERAL ORDER.

Hereafter, all persons enlisting for the navy, on being transferred to a sea-going vessel, will be allowed to allot *only* one-half of the rate in which they enlisted, without regard to the rating that may be given them on board the vessel to which transferred.

This rule will apply also to such recruits as may not have been transferred to a sea-going vessel.

J. C. DOBBIN.

NAVY DEPARTMENT, *January 2, 1856.*

#### GENERAL ORDER.

From and after the 1st of July last, the commutation price of rations to the officers and seamen of the navy will be twenty-five cents; also to the officers, non-commissioned officers, musicians, and privates of the marine corps attached to vessels for sea service, but not on shore or other duty.

J. C. DOBBIN.

NAVY DEPARTMENT, *August 21, 1856.*

#### REGULATION.

The regulation for the admission of candidates into the Naval Academy at Annapolis, fixing the limits as to age, are modified so as to require candidates to be over fourteen and under eighteen years of age at the time of examination for admission.

J. C. DOBBIN, *Secretary of the Navy.*

NAVY DEPARTMENT, *January 15, 1857.*

#### GENERAL ORDER.

The families of officers are not allowed to reside in national vessels, nor to become passengers therein, unless by the assent of the Secretary of the Navy. Commandants of stations commanders-in-chief of squadrons, and other officers in command of national vessels, will enforce this regulation.

J. C. DOBBIN, *Secretary of the Navy.*

NAVY DEPARTMENT, *January 21, 1857.*

## GENERAL ORDER.

It is ordered by the Department that steamers of war are never to be used for towing vessels, unless when necessary for aiding such vessels to enter or depart from a port during a calm, or at sea, in case of distress.

J. C. DOBBIN, *Secretary of the Navy.*

NAVY DEPARTMENT, *January 22, 1857.*

## GENERAL ORDER.

Surgeons and Purser's shall be entitled to the same military honors, guards excepted, as the officers of the navy with whom they have precedence.

J. C. DOBBIN, *Secretary of the Navy.*

NAVY DEPARTMENT, *January 23, 1857.*

## GENERAL ORDER.

The complement of officers and crew for vessels in the United States navy, as established July 20, 1854, is thus modified: After rating the petty officers, the number of seamen allowed each vessel will be reduced twenty-five per cent.; the number of ordinary seamen increased five per cent., and that of landsmen and boys, twenty per cent.

I. TOUCEY, *Secretary of the Navy.*

NAVY DEPARTMENT, *April 8, 1857.*

## GENERAL ORDER.

Hereafter no commanding officer of any vessel of the United States Navy, under whom the graduates of the Naval Academy shall serve, will give letters which will entitle them to their final examination, if addicted to the habit of intoxication.

ISAAC TOUCEY, *Secretary of the Navy.*

NAVY DEPARTMENT, *May 17, 1858.*

## GENERAL ORDER.

It is hereby ordered that in lieu of the broad pendant now worn by flag officers in command of squadrons, they shall wear a plain blue flag, of the dimensions proportionate to the different class of vessels, prescribed for the Jack in the tables of allowances approved July 20, 1854.

Flag officers, whose date of commission as captain is over twenty years, shall wear it at the fore; all others at the mizzen.

ISAAC TOUCEY, *Secretary of the Navy.*

NAVY DEPARTMENT, *May 18, 1858.*

## GENERAL ORDER.

Chief Engineers of more than twelve years will rank with Commanders.

Chief Engineers of less than twelve years with Lieutenants.

First Assistant Engineers next after Lieutenants.

Second Assistant Engineers next after Masters.

Third Assistant Engineers with Midshipmen.

This order confers no authority to exercise military command, except in the discharge of their duties, and no additional right to quarters.

ISAAC TOUCEY, *Secretary of the Navy.*

NAVY DEPARTMENT, *January 13, 1859.*

## GENERAL ORDER.

It is understood that the navy commissioners' regulations of 1818, requiring chaplains "to read prayers at stated periods," have heretofore been construed to require them to *offer* prayers, and such will hereafter be the construction.

NOTE No. 3.—Where there are no public quarters furnished, a commutation is allowed. Officers on shore duty are allowed a commutation for fuel.

NOTE —The sea and other service affixed to the names of officers in the Register is computed to the 1st January, 1860. As a general rule, the "sea service" with which an officer is credited, is for duty performed under orders from the Department, as part of the complement of a vessel-of-war, belonging to the Navy, in commission for sea service. Officers on the Coast Survey are allowed sea service only for the time they are actually afloat. No credit is given for service in Revenue and Merchant vessels. In the column "unemployed," is included the time between date of warrant and date of first order from the Department for service.

 The attention of officers is particularly called to the Orders and Regulations published in the latter part of the Register.

*Article 1.* The commanders of all ships and vessels-of-war belonging to the navy are strictly enjoined and required to show in themselves a good example of virtue, honor, patriotism, and subordination, and be vigilant in inspecting the conduct of all such as are placed under their command, and to guard against and suppress all dissolute and immoral practices, and to correct all such as are guilty of them, according to the usage of the sea-service.

*Art. 2.* The commanders of all ships and vessels in the navy, having chaplains on board, shall take care that divine service be performed in a solemn, orderly, and reverent manner, twice a day, and a sermon preached on Sunday, unless bad weather or other extraordinary accidents prevent it; and that they cause all, or as many of the ship's company as can be spared from duty, to attend at every performance of the worship of Almighty God.

*Art. 3.* Any officer or other person in the navy who shall be guilty of oppression, cruelty, fraud, profane swearing, drunkenness, or any other scandalous conduct, tending to the destruction of good morals, shall, if an officer, be cashiered, or suffer such other punishment as a court-martial shall adjudge; if a private, shall be put in irons or flogged, at the discretion of the captain, not exceeding twelve lashes; but if the offence require severer punishment, he shall be tried by a court-martial, and suffer such punishment as said court shall inflict.

*Art. 4.* Every commander or other officer who shall, upon signal for battle, or on the probability of an engagement, neglect to clear his ship for action, or shall not use his utmost exertions to bring his ship to battle, or shall fail to encourage, in his own person, his inferior officers and men to fight courageously, such offender shall suffer death, or such other punishment as a court-martial shall adjudge; or any officer neglecting, on sight of any vessel or vessels of an enemy, to clear his ship for action, shall suffer such punishment as a court-martial shall adjudge; and if any person in the navy shall treacherously yield, or pusillanimously cry for quarters, he shall suffer death, on conviction thereof by a general court-martial.

*Art. 5.* Every officer or private who shall not properly observe the orders of his commanding officer, or shall not use his utmost exertions to carry them into execution, when ordered to prepare for, join in, or when actually engaged in battle; or shall at such time basely desert his duty or station, either then or while in sight of an enemy, or shall induce others to do so, every person so offending shall, on conviction thereof by a general court-martial, suffer death, or such other punishment as the said court shall adjudge.

*Art. 6.* Every officer or private who shall, through cowardice, negligence, or disaffection, in time of action, withdraw from or keep out of battle, or shall not do his utmost to take or destroy every vessel which it is his duty to encounter, or shall not do his utmost endeavor to afford relief to ships belonging to the United States, every such offender shall, on conviction thereof by a general court-martial, suffer death, or such other punishment as the said court shall adjudge.

*Art. 7.* The commanding officer of every ship or vessel in the navy, who shall capture or seize upon any vessel as a prize, shall carefully preserve all the papers and writing found on board, and transmit the whole of the originals, unmutilated, to the judge of the district to which such prize is ordered to proceed, and shall transmit to the Navy Department, and the agent appointed to pay the prize money, complete lists of the officers and men entitled to a share of the capture, inserting therein the quality of every person rating, on pain of forfeiting his whole share of the prize money resulting from such capture, and suffering such further punishment as a court-martial shall adjudge.

#### NAVAL GENERAL COURTS-MARTIAL.

*Art. 35.* General courts-martial may be convened as often as the President of the United States, the Secretary of the Navy, or commander-in-chief of the fleet, or commander of a squadron, while acting out of the United States, shall deem it necessary: *Provided*, That no general court-martial shall consist of more than thirteen, nor less than five members, and as many officers shall be summoned on every such court as can be convened without injury to the service, so as not to exceed thirteen, and the senior officer shall always preside, the others ranking agreeably to the date of their commission; and in no case where it can be avoided without injury to the service, shall more than one-half the members, exclusive of the president, be junior to the officer to be tried.

*Art. 36.* Each member of the court before proceeding to trial shall take the following oath or affirmation, which the judge advocate, or person officiating as such, is hereby authorized to administer:

"I, A. B., do swear [or affirm] that I will truly try, without prejudice or partiality, the case now depending, according to the evidence which shall come before the court, the rules for the government of the navy, and my own conscience; and that I will not by any means divulge or disclose the sentence of the court, until it shall have been approved by the proper authority, nor will I at any time divulge or disclose the vote or opinion of any particular member of the court, unless required so to do before a court of justice in due course of law."

This oath or affirmation being duly administered, the president is authorized and required to administer the following oath or affirmation to the judge advocate, or person officiating as such:

"I, A. B., do swear [or affirm] that I will keep a true record of the evidence given to and the proceedings of this court; nor will I divulge or by any means disclose the sentence of the court until it shall have been approved by the proper authority; nor will I at any time divulge or disclose the vote or opinion of any particular member of the court, unless required so to do before a court of justice in due course of law."

*Art. 37.* All testimony given to a general court-martial shall be on oath or affirmation, which the president of the court is hereby authorized to administer; and if any person shall refuse to give his evidence as aforesaid, or shall prevaricate, or shall behave with contempt to the court, it shall and may be lawful for the court to imprison such offender at their discretion: *Provided*, That the imprisonment in no case shall exceed two months. And every person who shall commit wilful perjury on examination on oath or affirmation before such court, or who shall corruptly procure, or suborn, any person to commit such wilful perjury, shall and may be prosecuted by indictment or information in any court of

justice of the United States, and shall suffer such penalties as are authorized by the laws of the United States in cases of perjury, or the subornation thereof. And in every prosecution for perjury, or the subornation thereof, under this act, it shall be sufficient to set forth the offence charged on the defendant, without setting forth the authority by which the court was held, or the particular matters brought or intended to be brought before the said court.

*Art. 38.* All charges on which an application for a general court-martial is founded shall be exhibited in writing to the proper officer, and the person demanding the court shall take care that the person accused be furnished with a true copy of the charges, with the specifications, at the time he is put under arrest; nor shall any other charges, than those so exhibited, be urged against the person to be tried before the court, unless it appear to the court that intelligence of such charge had not reached the person demanding the court, when the person so to be tried was put under arrest, or that some witness material to the support of such charge, who was at that time absent, can be produced; in which case reasonable time shall be given to the person to be tried to make his defence against such new charge. Every officer so arrested is to deliver up his sword to his commanding officer, and to confine himself to the limits assigned him, under pain of dismissal from service.

*Art. 39.* When the proceedings of any general court-martial shall have commenced, they shall not be suspended or delayed on account of the absence of any of the members, provided five or more be assembled; but the court is enjoined to sit from day to day, Sundays excepted, until sentence be given. And no member of said court shall, after the proceedings are begun, absent himself therefrom, unless in case of sickness, or orders to go on duty from a superior officer, on pain of being cashiered.

*Art. 40.* Whenever a court-martial shall sentence an officer to be suspended, the court shall have the power to suspend his pay and emoluments for the whole, or any part of the time of his suspension.

*Art. 41.* All sentences of courts-martial which shall extend to the loss of life, shall require the concurrence of two-thirds of the members present; and no such sentence shall be carried into execution until confirmed by the President of the United States; or, if the trial take place out of the United States, until it be confirmed by the commander of the fleet or squadron. All other sentences may be determined by a majority of votes, and carried into execution on confirmation of the commander of the fleet, or officer ordering the court, except such as go to the dismissal of a commissioned or warrant officer, which are first to be approved by the President of the United States.

A court-martial shall not, for any one offence not capital, inflict a punishment beyond one hundred lashes.

*Art. 42.* The President of the United States, or, when the trial takes place out of the United States, the commander of the fleet or squadron, shall possess full power to pardon any offence committed against these articles, after conviction, or to mitigate the punishment decreed by a court-martial.

*Sec. 2. Art. 1.* *And be it further enacted,* That the courts of inquiry may be ordered by the President of the United States, the Secretary of the Navy, or the commander of a fleet or squadron, provided such court shall not consist of more than three members, who shall be commissioned officers, and a judge advocate, or person to do duty as such; and such courts shall have power to summon witnesses, administer oaths, and punish contempt, in the same manner as courts-martial. But such court shall merely state facts, and not give their opinion, unless expressly required so to do in the order for convening; and the party whose conduct shall be the subject of inquiry, shall have permission to cross-examine all the witnesses.

*Art. 2.* The proceedings of courts of inquiry shall be authenticated by the signature of the president of the court and judge advocate, and shall, in all cases not capital, or extending to the dismissal of a commissioned or warrant officer, be evidence before a court-martial, provided oral testimony cannot be obtained.

*Art. 3.* The judge advocate, or person officiating as such, shall administer to the members the following oath or affirmation:

“You do swear, [or affirm,] well and truly to examine and inquire, according to the evidence, into the matter now before you, without partiality or prejudice.”

After which the president shall administer to the judge advocate, or person officiating as such, the following oath or affirmation:

“You do swear, [or affirm,] truly to record the proceedings of this court, and the evidence to be given in the case in hearing.”

*Sec. 3. And be it further enacted,* That in all cases where the crews of the ships or vessels of the United States shall be separated from their vessels, by the the latter being wrecked, lost, or destroyed, all the command, power, and authority given to the officers of such

ships or vessels shall remain and be in full force as effectually as if such ship or vessel were not so wrecked, lost, or destroyed, until such ship's company be regularly discharged from, or ordered again into, the service, or until a court-martial shall be held to inquire into the loss of such ship or vessel; and if, by the sentence of such court, or other satisfactory evidence, it shall appear that all or any of the officers and men of such ship's company did their utmost to preserve her, and after the loss thereof behaved themselves agreeably to the discipline of the navy, then the pay and emoluments of such officers and men, or such of them as shall have done their duty as aforesaid, shall go on until their discharge or death; and every officer or private who shall, after the loss of such vessel, act contrary to the discipline of the navy, shall be punished, at the discretion of a court-martial, in the same manner as if such vessel had not been so lost.

SEC. 4. *And be it further enacted*, That all the pay and emoluments of such officers and men, of any of the ships or vessels of the United States taken by an enemy, who shall appear by the sentence of a court-martial, or otherwise, to have done their utmost to preserve and defend their ship or vessel, and after taking thereof, have behaved themselves obediently to their superiors, agreeably to the discipline of the navy, shall go on, and be paid them until their death, exchange, or discharge.

SEC. 5 *And be it further enacted*, That the proceeds of all ships and vessels, and the goods taken on board of them, which shall be adjudged good prize, shall, when of equal or superior force to the vessel or vessels making the capture, be the sole property of the captors; and when of inferior force, shall be divided equally between the United States and the officers and men making the capture.

SEC. 6. *And be it further enacted*, That the prize money belonging to the officers and men shall be distributed in the following manner :

1. To the commanding officers of fleets, squadrons, or single ships, three-twentieths, of which the commanding officer of the fleet or squadron shall have one-twentieth, if the prize be taken by a ship or vessel acting under his command, and the commander of single ships two-twentieths; but where the prize is taken by a ship acting independently of such superior officer, the three-twentieths shall belong to her commander.

2. To sea lieutenants, captains of marines, and sailing masters, two-twentieths; but where there is a captain without a lieutenant of marines, these officers shall be entitled to two-twentieths and one-third of a twentieth, which third, in such case, shall be deducted from the share of the officers mentioned in article No. 3 of this section.

7. Whenever one or more public ships or vessels are in sight at the time any one or more ships are taking a prize or prizes, they shall all share equally in the prize or prizes, according to the number of men and guns on board each ship in sight. No commander of a fleet or squadron shall be entitled to receive any share of prizes taken by vessels not under his immediate command; nor of such prizes as may have been taken by ships or vessels intended to be placed under his command, before they have acted under his immediate orders; nor shall a commander of a fleet or squadron, leaving the station where he had the command, have any share in the prizes taken by ships left on such station after he has gone out of the limits of his said command.

SEC. 7. *And be it further enacted*, That a bounty shall be paid by the United States, of twenty dollars, for each person on board any ship of an enemy at the commencement of an engagement, which shall be sunk or destroyed by any ship or vessel belonging to the United States of equal or inferior force, the same to be divided among the officers and crew, in the same manner as prize money.

SEC. 8. *And be it further enacted*, That every officer, seaman, or marine, disabled in the line of his duty, shall be entitled to receive for life, or during his disability, a pension from the United States, according to the nature and degree of his disability, not exceeding one-half his monthly pay.

SEC. 9. *And be it further enacted*, That all money accruing, or which has already accrued to the United States, from sale of prizes, shall be and remain forever a fund for the payment of pensions and half-pay, should the same be hereafter granted, to the officers and

seamen who may be entitled to receive the same; and if the said fund shall be insufficient for the purpose, the public faith is hereby pledged to make up the deficiency; but if it should be more than sufficient, the surplus shall be applied to the making of further provision for the comfort of the disabled officers, seamen, marines, and for such as, though not disabled, may merit by their bravery, or long and faithful services, the gratitude of their country.

SEC. 10. *And be it further enacted*, That the said fund shall be under the management and direction of the Secretary of the Navy, the Secretary of the Treasury, and the Secretary of War, for the time being, who are hereby authorized to receive any sums to which the United States may be entitled from the sale of prizes, and employ and invest the same, and the interest arising therefrom, in any manner which a majority of them may deem most advantageous. And it shall be the duty of the said commissioners to lay before Congress annually, in the first week of their session, a minute statement of their proceedings relative to the management of said fund.

SEC. 11. *And be it further enacted*, That the act passed the second day of March, in the year of one thousand seven hundred and ninety-nine, entitled "An act for the government of the navy of the United States," from and after the first day of June next, shall be, and is hereby, repealed.

AN ACT TO PROMOTE THE EFFICIENCY OF THE NAVY.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That as soon as practicable after the passage of this act, the President of the United States shall cause a board of naval officers to be assembled, to consist of five captains, five commanders, and five lieutenants, which board, under such regulations as the Secretary of the Navy may prescribe, shall make a careful examination into the efficiency of the officers of the grades hereinafter mentioned, and shall report to the Secretary of the Navy the names and rank of all officers of the said grades who, in the judgment of said board, shall be incapable of performing promptly and efficiently all their duty, both ashore and afloat; and whenever said board shall believe that said incompetency has arisen from any cause implying sufficient blame on the part of the officer to justify it, they shall recommend that his name be stricken altogether from the rolls. Vacancies occurring in said board shall be filled by the Secretary of the Navy, who shall preserve the number and grades of its officers, as aforesaid: *Provided,* That no officers upon said board shall examine into or report upon the efficiency of officers of a grade above them.

SEC. 2. *And be it further enacted,* That all officers who shall be found by the said board incapable of performing the duties of their respective offices, ranks, or grades, shall, if such

finding be approved by the President, be dropped from the rolls, or placed, in the order of their rank and seniority at the time, upon a list in the Navy Register, to be entitled the reserved list; and those so placed on the reserved list shall receive the leave of absence pay or the furlough pay to which they may be entitled, when so placed according to the report of the board and approval of the President, and shall be ineligible to further promotion, but shall be subject to the orders of the Navy Department at all times for duty; and vacancies created in the active service list, by placing officers on the reserved list, shall be filled by regular promotion in the order of rank or seniority. And officers who may be promoted to fill the vacancies created by the reserved list shall, while unemployed, receive only the "leave of absence" or "waiting orders" pay to which they would have been entitled if such promotion had not been made; but when employed at sea, or on other duty, they shall receive, in addition to such "leave of absence" or "waiting orders" pay, the difference between the "waiting orders" or "leave of absence" pay and the lowest sea-service pay of the grade to which they may be so promoted. *Provided*, That this scrutiny and reservation of officers shall extend only to the grades of captain, commander, lieutenant, masters, and passed midshipmen. *And provided further*, That all vacancies, occurring in the grade of masters shall be filled by the promotion of the senior passed midshipman, to be entitled masters in the line of promotion, who, when promoted, shall receive the pay allowed by law to masters; that the number of masters in the line of promotion shall not exceed sixty, and that nothing in this act contained shall be held or construed to authorize any increase of the aggregate pay of the said grades, or of the naval service, as now allowed by law.

SEC. 3. *And be it further enacted*, That nothing in this act contained shall be construed to restrict, apply to, or impair the regular promotion of officers in the service list of the navy who may be at any time entitled to promotion—consequent upon deaths, dismissals, or resignations in the naval service—nor in any manner to abridge or impair the right of the Secretary of the Navy to place any officers upon furlough.

#### AN ACT TO PROVIDE A MORE EFFICIENT DISCIPLINE FOR THE NAVY.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*, That, from and after the passage of this act, it shall be the duty of every commanding officer of any of the vessels of the navy, on returning from a cruise, to forward, immediately on his arrival in port, to the Secretary of the Navy, a list of the names of such of the crew who enlisted for three years as in his opinion, on being discharged, are entitled to an "honorable discharge," as a testimony of fidelity and obedience; and that he shall grant the same to such, according to the form to be prescribed by the Secretary of the Navy.

SEC. 2. *And be it further enacted*, That if any seaman, ordinary seaman, landsman, or boy shall re-enlist for three years, within three months after his discharge, he shall, on presenting his honorable discharge, or on accounting in a satisfactory manner for its loss, be entitled to pay during the said three months, equal to that to which he would have been entitled if he had been employed in actual service.

SEC. 3. *And be it further enacted*, That it shall be the duty of commanders of any vessels in the navy, in granting temporary leave of absence and liberty on shore, to exercise carefully a discrimination in favor of the faithful and obedient.

SEC. 4. *And be it further enacted*, That summary courts-martial may be ordered upon petty officers and persons of inferior ratings by the commander of any vessel in the navy to which such persons belong, for the trial of offences which he may deem deserving of greater punishment than the commander of a vessel himself is by law authorized to inflict of his own authority, but not sufficient to require trial by general court-martial.

SEC. 5. *And be it further enacted*, That summary courts-martial shall consist of three officers not below the rank of passed midshipman, and of some competent person to act as recorder. Before proceeding to trial, the members shall take the following oath or affirmation, which the recorder is hereby authorized to administer: "You, A B, do solemnly swear (or affirm) that you will well and truly try, without prejudice or partiality, the case now depending, according to the evidence which shall be adduced, the laws for the government of the navy, and your own conscience. So help you God."

After which the recorder of the court shall take the following oath or affirmation, which the senior member of the court shall administer: "You, A B, do solemnly swear (or affirm) that you will keep a true record of the evidence which may be given before this court, and of the proceedings thereof So help you God."

That summary courts-martial may sentence petty officers and persons of inferior ratings to any one of the following punishments, viz:

*First*. Discharge from the service with bad-conduct discharge, but the sentence not to be carried into effect in a foreign country.

*Second*. Solitary confinement in irons, single or double, on bread and water, or diminished rations, provided no such confinement shall exceed thirty days.

*Third*. Solitary confinement in irons, single or double, not exceeding thirty days.

*Fourth*. Solitary confinement not exceeding thirty days.

*Fifth*. Confinement not exceeding two months.

*Sixth*. Reduction to next inferior rating.

*Seventh*. Deprivation of liberty on shore on foreign station.

*Eighth*. Extra police duties and loss of pay, not to exceed three months, may be added to any of the abovementioned punishments.

Sec. 8. *And be it further enacted*, That no sentence of a summary court-martial shall be carried into effect without the approval of the officer ordering the court, who shall have power to remit in part or altogether, but not to commute, any such sentence. And it shall be the duty of any such commanding officer to remit any part or the whole of any sentence by a summary court-martial, the execution of which would, in the opinion of the surgeon or senior medical officer on board, given in writing, produce serious injury to the health of the person sentenced; or in case he shall refuse to do so, it shall be his duty, without delay, to submit the case again to the same or to another summary court-martial, which shall have power, upon the testimony already taken, to remit the former punishment, and to assign some other of the authorized punishments in the place thereof.

Sec. 9. *And be it further enacted*, That the proceedings of summary courts-martial shall be conducted with as much conciseness and precision as may be consistent with the ends of justice, and under such forms and rules as may be prescribed by the Secretary of the Navy, with the approval of the President of the United States; and all such proceedings shall be transmitted in the usual mode to the Navy Department.

Sec. 10. *And be it further enacted*, That any punishments authorized by this act to be inflicted by a summary court-martial may likewise be inflicted by any general court-martial.

Sec. 11. *And be it further enacted*, That any person who shall entice any seaman, ordinary seaman, landsman, or boy, who may have enlisted into the naval service of the United States, to desert therefrom, or who shall conceal any person who may have so deserted, and shall refuse to deliver him up upon the order of his commanding officer, shall, upon legal conviction thereof, be fined, at the discretion of the court, in any sum not exceeding three hundred dollars, or be imprisoned for any term not exceeding one year.

*Approved March 2, 1855.*

*From the Naval Appropriation Bill approved March 3, 1855.*

That in lieu of two thousand dollars per annum, the maximum of compensation now allowed by law to navy agents, there shall be allowed two per centum commission on the first hundred thousand dollars, or under, disbursed by them; and one per centum on every succeeding one hundred thousand dollars, or under, disbursed by them, until the compensation reaches the sum of three thousand dollars per annum, which amount shall be the maximum of compensation for said agent: *Provided*, That the compensation named herein shall be in lieu of all extra compensation of every nature and description rendered by navy agents by order of the Navy Department, from and after the passage of this act. *And provided further*, That nothing herein contained shall be construed to reduce the salary to which any navy agent is entitled under existing laws.

\* \* \* \* \*  
That the purser of the navy yard at Washington, District of Columbia, shall, from and after the passage of this act, receive the same pay as is now allowed by law to the purser

at the navy yards at Boston, New York, Norfolk, and Pensacola: *Provided*, That when pursers of the navy shall be appointed inspectors of provisions, clothing, and small stores, they shall, while so acting, receive the same compensation as the pursers of the navy yard to which they may be attached.

*And be it further enacted*, That the fifth section of the "act making appropriations for the naval service for the year ending thirtieth of June, eighteen hundred and fifty-five," approved August fifth, eighteen hundred and fifty-four, shall not be so construed as in any case to reduce the pay of the boatswains, carpenters, sailmakers, and gunners of the navy, from the passage of said act.

---

SEC. 2. *And be it further enacted*, That the operation of the present law limiting the number of officers of the navy shall be suspended so far as to authorize the restoration, within one year from the passage of this act, by the President, by and with the advice and consent of the Senate, of officers reserved or dropped under the operation of the act of the twenty-eighth of February, eighteen hundred and fifty-five, entitled "An act to promote the efficiency of the navy:" *Provided*, That there shall be no further promotions or appointments in any grade after said restoration shall have been made thereto, until such grade in the active

service shall be reduced to the limit now prescribed by law. That when any such officer shall be restored to the navy, by and with the advice and consent of the Senate, the officer so restored shall occupy that position and rank in the navy which he would have held had he not been retired, furloughed, or dropped, by the order of the President, on the report of the naval board: *Provided further*, That any dropped officer who may be, in the opinion of said court, entitled to be placed on the retired or furloughed list, may be thus placed by the President, by and with the advice and consent of the Senate.

SEC. 4. *And be it further enacted*, That reserved officers may be promoted on the reserved list, by and with the advice and consent of the Senate, but no such promotion shall entitle them to any pay beyond that to which they were entitled when so reserved; nor shall they, by such promotion, take any higher rank than they would have taken had they been retained in the active service of the navy; and nothing in this act, or in the act to which this is an amendment, shall be so construed as to preclude officers on the reserved list from wearing the uniform of their grades, respectively.

SEC. 5. *And be it further enacted*, That captains in command of squadrons shall be denominated flag officers.

SEC. 6. *And be it further enacted*, That all officers who may be restored to active service, under the provisions of this act, shall be entitled to draw the same pay they were drawing at the time they were retired or dropped, for and during the time of such retirement or suspension from the active service aforesaid.

## EMPLOYMENT OF MECHANICS TO REPAIR MERCHANT VESSELS.

NAVY DEPARTMENT, *July, 1840.*

The practice of allowing the mechanics employed at the several navy yards, and on board ships on foreign stations to repair vessels belonging to the merchant service of the United States, will in future be limited to cases where a refusal to do so would of necessity impose injurious delays or greatly increase the expenses upon the merchant vessel. In such cases the mechanics shall make no demand for any compensation, but receive only such as the owner, assignee, or master of such merchant vessel shall choose to give, and their commander is willing they should take. Officers of the navy, in like cases, shall neither claim nor receive any compensation whatever.

In all cases of distress, gratuitous assistance is to be given as heretofore, to the fullest extent practicable.

## REGULATION.

## PUBLICATIONS IN NEWSPAPERS OF TRANSACTIONS OF A PRIVATE NATURE PROHIBITED.

NAVY DEPARTMENT, *December 7, 1841.*

Officers of the navy are strictly prohibited from publishing, or causing to be published in newspapers, pamphlets, handbills, or otherwise, any disrespectful or offensive matter relative to transactions of a private nature, between officers or between officers and citizens; and any officer so offending shall be arrested and tried therefor; and one specification of the charge against him shall be the violation of this regulation.

## PRESENTATIONS OF SWORDS, &amp;C., PROHIBITED.

The practice of presenting swords, plate, or other things of value from inferior officers or from crews, to their superior or commanding officer, in the way of compliment; and all votes or resolutions, whether of praise or censure, from inferiors to superiors, are injurious to discipline and of evil tendency in other respects. They are therefore strictly forbidden.

## NAVAL GENERAL ORDER.

## ARRESTS ON A FOREIGN STATION.

NAVY DEPARTMENT, *December 15, 1841.*

Whenever an officer shall be arrested on a foreign station, it shall be the duty of the commander-in-chief of the station to order a court for his trial as soon as possible after he shall be notified of the arrest, and this he shall not refuse or delay, except for imperative reasons connected with the public service.

If such imperative reasons shall exist, so that a court martial cannot be detailed and actually sit for the trial of the accused, his arrest may continue for thirty days after the commander-in-chief of the station shall be notified thereof, and no longer, and the accused shall then be returned to duty, unless, for sufficient reasons, the commander-in-chief shall otherwise direct; but he shall be again arrested, and shall be tried as soon as the condition of the service will admit of it.

No officer arrested on a foreign station shall be confined to his room nor restrained from the proper use of any part of the ship in which, before his arrest, he had a right to be, except the quarter-deck, unless such restraint shall be necessary for the safety of the ship, or the preservation of the good order and discipline, and even in that case, he shall be no further restrained than shall be necessary.

## APPLICATION FOR LEAVE OF ABSENCE ON ACCOUNT OF ILL HEALTH.

NAVY DEPARTMENT, *February 11, 1842.*

Officers of the navy applying for a leave of absence or an extension thereof, on the score of ill health, must forward at the same time to the department the certificate of a surgeon in the navy, if there be one in their vicinity, or, if there be no naval surgeon, of some respectable surgeon or physician, of their inability to perform duty.

Such certificates must state the nature of the disease, and the probable duration thereof, as far as can be judged.

## RIGHTS AND POWERS OF COMMANDERS OF SQUADRONS AND CAPTAINS OF FLAG-SHIPS.

NAVY DEPARTMENT, *April 22, 1842.*

The frequent misunderstanding which have occurred between the commanders-in-chief of squadrons and the captains of their flag ships, on the subject of their respective rights and powers; misunderstandings which result only from the fact that their true relation to each other has not yet been properly defined, have suggested to the department the propriety of expressing its own views upon the subject. The following general rule embraces these views:

The commander-in-chief of a squadron, having in command of his flag ship an officer of equal grade with himself, holds the same relation to that ship as to every other ship of his squadron.

While it is impossible to specify all the powers of a commander-in-chief over the ship which bears his flag, or of the captain of a flag ship in subordination to the power of the commander-in-chief, a due observance of the spirit of the above rule will go far to prevent any conflict or collision between those officers.

The dignity of a commander-in-chief is lessened by his engaging in the details of duty of his particular ship, and the respect which ought to attach to the immediate captain of the ship is weakened by any interference with him in the rightful exercise of his authority.

The commander-in-chief of a squadron will find the best support to his own dignity and importance in maintaining the dignity and importance of the officers who are subordinate to him. While, therefore, his superiority must be always admitted, and his authority respected and obeyed, a due and prudent regard to the limitation above indicated, will tend strongly to preserve the discipline and harmony of the service.

## REGULATION.

## INSTRUCTIONS FOR COMMANDERS OF STEAM VESSELS.

NAVY DEPARTMENT, *February 26, 1845.*

Commanders of steam vessels will cause the following orders to be carried into effect in the vessels under their command, in addition to the general orders and regulations which apply to sailing vessels, or to the general service of the Navy.

*First.* Steam Engineers of the Navy, when embarked in vessels, are to conform to the orders of the commanding officer of the vessel, and of the officer of the watch for the time being; but they are not, except in cases of great emergency, to be ordered to perform other duties than those immediately connected with the preservation, repair, or management of the engines and their dependencies.

*Second.* When practicable, one engineer at least is always to be on duty in the engine room whenever the fires are lighted; and when more than one engineer is attached to the vessel, one must be on board at all times ready for duty.

*Third.* The engineers, firemen, and coal heavers are to be arranged in watches, and when on watch are to be under the immediate direction of the engineer of the watch, and are not to be ordered on other duties than those connected with the engines, boilers, and their dependencies, except in cases of emergency.

*Fourth.* The senior engineer is to prepare and submit, for the approval of the commander, bills showing the specific duties of the respective engineers, firemen, and coal-heavers in their watches, for attending to, and for cleaning the different parts of the engines and their dependencies, and he will give particular attention that the prescribed duties are performed in a proper manner, and, in case of misconduct or neglect, report offenders to the officer of the watch, or to the commander of the vessel, as the case may require.

*Fifth.* When the engines are in operation, reports are to be made hourly to the officer of the deck, whether the engines and their dependencies are in good order, and immediate notice must be given him, at any time, if anything should occur to require a change in the orders under which the engineer is then acting, or special attention to any particular object, to insure safety or more efficiency.

*Sixth.* The firemen are to be instructed as far as may be practicable, to qualify them for managing the engines and dependencies with safety, in case accident or other cause should prevent the attendance of an engineer.

*Seventh.* The senior engineer on board must examine daily the engines and their dependencies, and all parts of the vessel which are occupied by them, or by stores for their use, and make immediate report should any defect or danger be discovered. He must give timely notice to the commander of the vessel of the probable wants of his department, and whenever articles are received for it, must carefully examine if they are of proper quality, and report any which, in his opinion, may be objectionable.

*Eighth.* Upon the arrival of a steamer in port, an early inspection is to be made by the senior engineer, to ascertain if the engines, boilers, or their dependencies require repairs or cleaning, and will report forthwith to the commander of the vessel.

*Ninth.* When repairs or cleaning are required for the engines or boilers, they are to be made, as far as practicable, by the engineers, firemen, and coal-heavers of the vessel, and they are to be employed on such duties in preference to coaling, if both should be necessary at the same time.

*Tenth.* The force-pumps, hose, and all other means for extinguishing fires must be always kept in good order and ready for immediate use, and so reported at the end of each watch by the engineer on duty, and the utmost care must be taken at all times in the arrangement of stores, the use of lights and fires, and the adoption of other precautionary measures to prevent the danger from fire, to which steamers are so much exposed.

*Eleventh.* A steam-log is always to be kept when the vessel is moved by steam, which log is to be signed in the "column of remarks" by the engineers of the respective watches, at the expiration of their watch and at noon of each day by the senior engineer of the vessel.

*Twelfth.* The engineer of the watch will be careful to note hourly on the steam-log all the information which the columns in it require, and to place in the "column of remarks" full information of the state of the weather and sea, and any accidents to, or defects in the engines or their dependencies, the quality of the coal, or other circumstances, which may be useful for determining the powers and qualities of the vessel, and the engines, under the various circumstances to which they may be exposed. He will carefully note in it the draught of water of the vessel and immersion of the bucket-boards, just before going to sea and on arriving in port, and frequently when receiving coal or other stores.

*Thirteenth.* The steam log-book is to be handed to the commander of the vessel daily, by the senior engineer on board; and it shall be the duty of the said commander to examine the same, and when satisfied of its correctness to sign it at the end of every calendar month, or oftener should the vessel in the mean time arrive at or anchor in any port.

*Fourteenth.* Steam log-books, calculated to contain the log for one quarter of a year, and hydrometers, will be deposited at the respective navy yards, for the use of steamers, upon proper requisitions. The commander of the vessel must transmit to the Secretary of the Navy, by the first safe opportunity after the close of the months of March, June, September, and December, the steam log-book for the preceding quarter, and whenever a steamer is placed in ordinary, for the period which has not been previously transmitted.

 REGULATIONS

*Respecting the Enlistment of Firemen and Coal-heavers.*

 NAVY DEPARTMENT, *August 1, 1847.*

No firemen or coal-heavers shall be shipped, as such, until they have passed a satisfactory examination, by one or more Medical Officers of the Navy, in respect to their health and vigor; nor shall firemen be so shipped until they have passed a satisfactory examination by one or more Engineer Officers of the Navy, upon their ability to manage fires properly with different kinds of fuel, and to use skilfully smiths' tools in the repair and preservation of steam machinery and boilers.

The firemen of the Navy shall hereafter be divided into two classes; and, until further orders, the pay of the first class shall be at the rate of thirty dollars a month; the pay of the second class at the rate of twenty dollars; and the pay of coal-heavers shall be at the rate of fifteen dollars, with one ration a day to each.

Should any fireman or coal-heaver neglect his duties, or be unable to perform them, the commanding officer of the squadron, or, in his absence, the commanding officer of the vessels to which such fireman or coal-heaver belongs, may, if he deems it necessary, direct another person to perform them during the continuance of such neglect or disability, or until the place is supplied by a person of the proper rating; and the person so appointed shall receive the pay of the situation which he may thus fill. But the commanding officer shall, when it is practicable, direct second class firemen to succeed or supply the places of the first class; and the coal-heavers, if qualified, shall take the place of the second class firemen in preference to other persons.

Firemen and coal-heavers, when unable to perform their duties, or when they neglect them, shall receive only a reduced pay—that is, firemen of the first class shall only receive the pay of firemen of the second; those of the second the pay of coal-heavers; and coal-heavers the pay of seamen so long as they neglect their duties, or are unable to perform them, or until duly discharged from the service.

\* It is to be understood, as a part of the conditions on which firemen and coal-heavers enter the Navy, that, in case any right to a pension should occur before any action of Congress shall be had on the subject, the rate of pension to a first class fireman shall not exceed that to which a boatswain's mate would be entitled; that of a second class fireman, the same as for a quartermaster; and that of a coal-heaver, the same as for a seaman.

Firemen and coal-heavers should be shipped on articles which refer to these regulations, which shall, in all cases, be read to them before they sign the articles.

Firemen of the first class shall be eligible to promotion to the rank of Third Assistant Engineers; second class firemen, to the grade of first class; and coal-heavers, to the grade of firemen.

## DISBURSEMENTS BY PURSERS.

NAVY DEPARTMENT, *March 20, 1855.*

The 2d section of the "Joint Resolution for the relief of Pursers, &c.," approved March 3, 1849, provides "that every disbursement of public moneys, or disposal of public stores made by order of any commanding officer of the Navy, which shall be objected to by the accounting officers of the Treasury, in the settlement of the accounts of any disbursing officer, shall nevertheless be allowed to such disbursing officer; and the commanding officer by whose order such disbursement or disposal was made, shall be held accountable for the same."

This enactment does not authorize an advance of public money by the purser to the commanding officer, or to any other person, on his order. The disbursement presupposes an indebtedness, and whether the objects for which the indebtedness accrued were sanctioned or not by law or regulation, the purser would be entitled to a credit for payment therefor, when made by order of the commanding officer. But the disbursement must be for some service rendered, or article furnished. For instance: if a clerk, not allowed by law, be employed, or if an excess of the regulation-complement of cabin furniture, or unauthorized provisions or stores of any kind be purchased, by direction of the commander and by his order the purser has paid for such unauthorized service or supplies, the purser will receive a credit for the payment, and the commander will be held accountable.

In regard to advances or loans, however, the laws of January 21, 1823, and August 20, 1842, are not repealed or modified by the Joint Resolution of 1849. The 6th section of the act of August 26, 1842, declares, "that it shall not be lawful for a purser in the Navy to advance or loan any sum or sums of money, public or private, or any article or commodity whatever, or any credit, to any officer in the Naval service, under any pretence whatever." To allow a purser to advance or loan to a commanding officer on his simple order the funds provided for the expenses of the ship and wages of the crew, would be dangerous to the service and unsafe for the Treasury, leaving an open door for collusion and fraud. No credits will be allowed to pursers for advances or loans hereafter made by orders of commanding officers, no matter how frequent or peremptory such orders may be.

Approved:

J. C. DOBBIN, *Secretary of the Navy.*

## GENERAL ORDER.

## SUMMARY COURTS-MARTIAL.

NAVY DEPARTMENT, *April 4, 1855.*

In conformity with the 9th section of the "Act to provide a more efficient discipline for the navy," approved March 2, 1855, the following regulations have been submitted to and approved by the President of the United States, and will be observed by summary courts-martial convened under the authority of the said act:

1. Summary courts-martial will adopt the same forms of proceeding and rules of evidence as naval general courts-martial, so far as they shall be applicable and not inconsistent with the conciseness and precision enjoined by the law, nor with the provisions of this General Order.

2. The form of convening a summary court-martial will be by a brief written order addressed by the commander of the vessel to the senior member of the court, stating the name and rank of the members of the court, and of the recorder, and the time and place of meeting; and by written or verbal orders to the other members of the court and the recorder. The written order to the senior member will be appended to the record of the proceedings.

3. The record will state that the oath prescribed by the law was duly administered to each member and to the recorder, in the presence of the accused.

4. If objection is made by the accused to any member of the court, it will be so stated in the record of proceedings, and made known, if the court think fit, to the commander of the vessel, who will, at his discretion, order another member of the court, or continue the member objected to.

5. The accused shall be furnished, before trial, with a written specification of the offence or offences for which he is to be tried. The specifications shall be as brief as practicable, without unnecessary repetition or circumlocution, or accumulation of epithets, but explicit; and all offences or misconduct committed at any one time by the same individual and intended to be charged against him, shall be comprised in the same specification, which shall be approved, before trial, by the officer ordering the court, and a duplicate of it to be annexed to the record.

6. The accused shall not be required to plead guilty or not guilty to the specification; but if a plea of guilty be made, the court may, at its discretion, admit testimony as to the character of the offender, or in extenuation of the offence. And, in any case, the court may find the accused guilty of the whole or any part of the misconduct charged, according to the evidence, and adjudge punishment for so much as shall be found proved.

7. Witnesses shall be summoned by the recorder through the executive officer of the vessel, and the summons shall be obeyed, unless disapproved by the commanding officer for some reason to be stated in the record.

8. The court, if requested by the accused, may allow a commissioned, warrant, or petty officer to appear as counsel, and cross-examine witnesses in his behalf; but no written defence or argument, nor any protracted oral defence or argument shall be admitted. Nor shall any testimony not clearly relevant be admitted, nor any documentary evidence be added to the court or appended to the record.

9. If more than one case be tried by the same court, the record of each case shall be separate, the order for convening the court shall be appended to the record of the first case, and be referred to in each subsequent record, so as to show that the proceedings of the court are continuous. And in each case the prescribed oath shall be administered anew to the members and the recorder of the court.

AMERICAN CODE OF SIGNALS ADOPTED FOR THE USE OF THE NAVY.

NAVY DEPARTMENT, *April 14, 1855.*

In order to facilitate the mode of communication at sea between ships-of-war and the merchant service, the American Code of Signals, by Henry J. Rogers, has been adopted for the use of the Navy, copies of which will be distributed by the proper bureau, among vessels of the United States Navy, as the Department may, from time to time, direct. The signals will be made at the yards or on board ship, as may be most convenient.

Commanding officers of the Navy will embrace every opportunity to familiarize the service with the use of these signals.

### GENERAL ORDER.

HONORABLE DISCHARGES.

NAVY DEPARTMENT, *April 7, 1855.*

Whenever any seaman, ordinary seaman, landsman, or boy, who shall have received the "honorable discharge" from the navy authorized by the "Act to provide a more efficient discipline for the navy," approved March 2, 1855, (form of which has been prescribed by the Department,) shall, within three months from the date thereof, present said "honorable discharge" at any naval rendezvous, if he shall answer the description of such discharge, and shall be physically qualified, he shall be re-enlisted for three years, and, upon his transfer to a receiving ship, shall be entitled to receive three months' pay equal to that to which he would have been entitled if he had been employed in actual service" in the rate specified in the "honorable discharge."

If the "honorable discharge" should have been lost, reference can be made to the files of the Department for corroboration that the person presenting himself did receive an "honorable discharge," and for a descriptive list of his person.

The recruiting officer will write on the face of the "honorable discharge," over his official signature, the date of re-enlistment. After the reception on board the receiving ship of the person re-enlisted, the commanding officer, also, will write on the face of the "honorable discharge," over his official signature, that the three months' pay has been credited or paid to him, with the date of such credit or payment, and the amount thereof.

To those re-enlisting under the "honorable discharge," the advance authorized by the General Order of the Department, dated August 11, 1854, will also be made.

Should the person holding an "honorable discharge" prove physically disqualified, it will be so written by the recruiting officer on the face of the discharge, and such discharge shall not entitle the holder to be received under it.

In the re-enlistment of men under honorable discharges, regard will be had to the provisions of the Circular of March 25, 1851, in relation to enlistments.

On the returns now required to be made to the Department of enlisted men from rendezvous and receiving ships, special reference will be made to those men who have been re-enlisted under an "honorable discharge," and from what vessel they received their discharge.

Commanding officers of vessels, upon returning from a cruise, when directed to discharge the whole or any part of the crew, will furnish to those who, in their judgment, are entitled to it under the law, an "honorable discharge," and separate returns will be made to the Department of the names and description of those to whom they have been given.

Blanks for the honorable discharges and return will be furnished by the Department, and great care should be taken that they are both accurately and fully filled out.

A yeoman, however, is not to be discharged until his accounts have been audited and approved of by the commandant of the yard, as required by the Ordnance Instructions and other general regulations or orders. If found correct, the commandant of the yard will then grant the "honorable discharge," if entitled to it in the opinion of the commanding officer of the vessel to which he belonged.

When invalids are sent to the United States from a foreign station, the commanding officer of the vessel to which they belonged will transmit a list of their names to the Department, stating the general character of each, and designating such as, in his opinion, are entitled, under the law, to the "honorable discharge," in order that the commandant of the station at which they may arrive in the United States may be directed to grant the said discharge to those deserving it. A duplicate of this list is to be sent also to the commandant of the station where they are to arrive.

When any seaman, ordinary seaman, landsman, or boy, shall be discharged at his own request, or for his own convenience, before the expiration of his term of enlistment, he shall not be entitled to the "honorable discharge."

#### GENERAL ORDER.

##### CERTIFICATES OF DEATH OR DISABILITY.

NAVY DEPARTMENT, July 17, 1855.

In addition to the requirements of the General Order of the Navy Department of February 17, 1851, the medical officers of the navy, in all certificates of death or disability occur-

ng in the naval service, are hereby directed to make a statement, in each case, of the acts connected therewith upon, which they base their judgment that such death or disability originated "in the line of duty."

The Attorney General, in a circular of May 17, 1855, defines the term "line of duty" to denote that an act of duty performed must have relation or causation, mediate or immediate, to the wound, the casualty, the injury, or the disease producing disability or death."

GENERAL ORDER.

"FLEET CAPTAIN"—"FLAG LIEUTENANT."

NAVY DEPARTMENT, *August 31, 1855.*

The attention of the department having been recently drawn to the fact that orders issued by the commanders of squadrons to those under their command are frequently signed by officers designating themselves as "Fleet Captain" or "Flag Lieutenant," purporting to be "by order of the commander-in-chief of the squadron," the department directs that, hereafter, all orders in writing, of whatever nature, emanating from the commander of a squadron, shall be signed by such commander himself only.

COMMENCEMENT OF PAY OF OFFICERS.

*Extract from a letter addressed to the Fourth Auditor of the Treasury by the Secretary of the Navy, dated October 23, 1855.*

"I find on examination that the rules of this department in relation to the commencement of pay of officers promoted have varied. The prevailing practice seems to be to allow pay from the time to which the commission relates in giving rank. This has long been, and now, the rule of the War Department, to which there is a determination to adhere. I think there should also, if possible, be uniformity in the rules of the two branches of the service.

"I am of opinion, therefore, that it is better for the present to allow the pay back to the period of rank.

"This need not interfere with the general order of June 9, 1853, applicable to special cases."
